

Our Infrastructure

The Chapel: The College Chapel, which is centrally located, is completely filled with paintings and murals by the master Italian painter Brother Moscheni and is the only one of its kind in India. People of all religions find it a place of inspiration, personal reflection and prayer. There are regular services for Catholics.

Campus Ministry: Campus ministry provides prayer and reflection opportunities and pastoral care to students of all faiths and spiritualities. Outreach and immersion camps are organized through campus ministry.

Community Radio Station (CRS): College will soon begin broadcasting FM Radio programmes for the educational and cultural growth of the students and the neighbourhood.

The Library: Our College possesses more than 72000 books and several rare collections to give the privilege of being a specialized library. The library receives more than 150 periodicals. Every year more than 1200 new books are added to the library. A new multi-user library management software 'EASYLIB' is installed in the library. Our library has 18 computers including ten computers for internet browsing. Library is the member of DELNET Services where inter-library loan facility is available. Our library is also the member of the American Centre Library, Chennai.

Laboratories: Well-equipped 24 laboratories with spacious and well-ventilated halls to meet the requirements of Computer Science, Botany, Chemistry, Zoology, Physics, Microbiology, Electronics, Psychology, Bio-Chemistry, Bio-technology, Journalism, Social Work and English Language departments. The Laboratory of Applied Biology and Environmental Sciences offers research facilities for Ph.D. In addition, the College has two more Research Laboratories : Father George Albuquerque Anti-Cancer Drug Design Laboratory and Father Thomas Gonsalves Physics Research Laboratory. The Laboratory of Applied Biology has established a central computational facility under the FIST program.

The Dr W. Kuppers Bio-tech Unit is equipped with instruments for molecular work. It is planned to do molecular transformation studies in Ragi, Cashew, Banana and Tree Ferns. The College Fern House maintains a large collection of rare ferns for study.

Phone facility STD/ ISD/ PCO/ NSD is available for the staff and the students. The phone booth are located in the college office, college corridors, Xavier block and the Cooperative Societies.

SACAA: The Alumni/ae Association (SACAA) has its office in the college administrative building. Parents who are old students of the college are requested to become members of SACAA.

Bookstore: The College has a bookstore serving the student community. The store stocks all the required and recommended textbooks, study aids and office supplies.

Dining Services and Bank: There are two College Canteens -AI-Cafe and SAC canteen which provide refreshments besides veg and non-veg meals at moderate prices. The Central Bank of India has an Extension Counter and ATM facility on the Campus.

Subhashini - Aloysius Academy of Languages: The College has a well-equipped Language Laboratory called SUBHASHINI with electronic monitors. The Academy conducts language courses in English, Kannada, French, German, Sanskrit and Arabic.

Computer Skills and Service -AICS : Students have access to over 270 computers in several well equipped, air-conditioned laboratories in the Computer Center. A Computer Hardware Laboratory is attached to it. The centre is highly patronized by students and a sincere student will find ample opportunity to improve his skills. Every teaching department also has its own computer.
